NOTES TO BALANCE SHEET AND STATEMENT OF PROFIT AND LOSS

1 Significant Accounting Policies

1.1 Basis of Accounting

The financial statements of the Company are prepared in accordance with Generally Accepted Accounting Principles in India (Indian GAAP), on accrual basis under historical cost convention as a going concern. The Company has prepared these financial statements to comply with the requirements of mandatory accounting standards as prescribed under section 133 of the Companies Act, 2013(Act) read with rule 7 of the Companies (Accounts) Rules, 2014. The accounting policies adopted for the preparation of financial statements are consistent with those of the previous year except when a newly issued accounting standards is initially adopted or a revision to an existing standard requires a change in the accounting policy hitherto in use and when the statute mandate the change.

1.2 Use of Estimates

The preparation of financial statements in conformity with the generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities as at the date of financial statements and reported amounts of revenues and expenses during the reporting period.

1.3 Tangible & Intangible Assets

Tangible & Intangible assets are stated at original cost of acquisition / installation net off accumulated depreciation, amortization and impairment losses. The cost of fixed assets includes cost of acquisition, construction and installation, taxes, duties, freight, other incidental expenses related to the acquisition/installation.

1.4 Expenditure in Respect of Build Operate & Transfer Projects

Expenditure incurred in respect of Build, Operate & Transfer projects which does not represent company's own assets are classified as "BOT Project Expenditure" and shown under the head Intangible Assets.

1.5 Impairment of Tangible & Intangible Assets

At each Balance Sheet date, the company reviews the carrying amount of fixed assets to determine whether there is any indication that those assets have suffered impairment loss. If any such indication exists, the recoverable amount of the assets is estimated in order to determine the extent of impairment loss. The recoverable amount is higher of the net selling price and value in use, determined by discounting the estimated future cash flows expected from the continuing use of the asset to their present value.

1.6 Depreciation of Tangible & Intangible Assets

Depreciable amount for Tangible & Intangible Assets is the cost of the asset, or other amount substituted for the cost, less its estimated residual value.

Depreciation on tangible assets has been provided on the Straight-Line Method (SLM) by adopting the useful life prescribed as per Part C of Schedule II to the Companies Act, 2013 and retaining 5% of the original cost as residual value, except for assets having value less than Rs.10,000/- which are depreciated at 100% in the year of purchase.

Cost of Software is treated as Intangible Assets and is amortised over a period of three years in accordance with Accounting Standard (AS) 26. Intangible Asset consisting of BOT Project Expenditure is amortized over the period of concession on straight line basis.

1.7 Investments

Investments intended to be held for not more than one year are classified as current investments. All other investments are classified as non-current investments. Current investments are carried at lower of cost and fair value determined on an individual investment basis. Non-Current investments are carried at cost. However, provision for diminution in value is made to recognise a decline, other than temporary, in the value of the investments.

1.8 Employee Benefits

Short term employee benefits are recognised as an expense at the undiscounted amount in the statement of profit and loss of the year in which the employee has rendered service.

The Company provides Gratuity/Leave Encashment benefit to all employees which is a defined benefit plan. This liability is unfunded and the company pays these benefits as and when the employee leaves the organization. Provision for the year is made on the assumption that this benefit is to be paid to all employees at the end of the accounting year.

1.9 Taxes on Income

Current Tax is provided and determined as the amount of tax payable in respect of taxable income for the period. Deferred Tax is provided and recognized on timing differences between taxable income and accounting income subject to consideration of prudence. Deferred tax is not recognized as assets on unabsorbed depreciation and carry forward of losses unless there is virtual certainty that there will be sufficient future taxable income available to realize such assets.

1.10 Provisions and Contingencies

A provision is recognised when the Company has a present legal or constructive obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates.

1.11 Cash Flow Statement

Cash Flows are reported using the Indirect Method, whereby net profit before tax is adjusted for the effect of non-cash nature and any deferrals or accruals of past or future cash receipts or payments.
